

## BLM NV CCD Vegetation Treatments polygons

Shapefile

Tags

Nevada, Carson City

### Summary

This data represents approximately 22,388 acres of vegetation treatments in 13 strategically located treatment units in the Virginia Mountains north of Reno, Nevada. Treatment units have been evaluated to determine the most appropriate treatment method and resource protection measures based on slope, aspect, terrain, soil, vegetation composition, vegetation condition, amount of fuel/biomass needed to be removed, overall access on site, visual disturbance, and proximity to major roads. It is anticipated that the Project would be implemented over a 10-year period; however, the time to complete the Project would ultimately depend on funding and environmental conditions.

### Description

This polygon dataset represents 13 treatment units identified in the draft EA for the Virginia Mountains Vegetation Treatment proposed action.

### Credits

Carson City BLM Staff.

### Use limitations

These data are provided by Bureau of Land Management (BLM) "as is" and might contain errors or omissions. The User assumes the entire risk associated with its use of these data and bears all responsibility in determining whether these data are fit for the User's intended use. The information contained in these data is dynamic and may change over time. The data are not better than the sources from which they were derived, and both scale and accuracy may vary across the data set. These data might not have the accuracy, resolution, completeness, timeliness, or other characteristics appropriate for applications that potential users of the data may contemplate. The User is encouraged to carefully consider the content of the metadata file associated with these data. These data are neither legal documents nor land surveys, and must not be used as such. Official records may be referenced at most BLM offices. Please report any errors in the data to the BLM office from which it was obtained. The BLM should be cited as the data source in any products derived from these data. Any Users wishing to modify the data should describe the types of modifications they have performed. The User should not misrepresent the data, nor imply that changes made were approved or endorsed by BLM. This data may be updated by the BLM without notification.

### Extent

**West** -119.958256 **East** -119.582712  
**North** 40.148870 **South** 39.836975

**Scale Range**

**Maximum (zoomed in)** 1:5,000  
**Minimum (zoomed out)** 1:150,000,000
